

Marc A. Jaffe

photojaffe@aol.com

Marc Jaffe is a native Rhode Islander who moved away at a young age, but returned to do his residency in Obstetrics and Gynecology at Women and Infants Hospital in 1981. Marc has enjoyed photography since childhood, and took pictures for his high school newspaper and yearbook. Marc shares his passion for photography with his wife, Bonnie, who graduated from RISD in 1978.

Marc's style is varied, often leaning toward humor and patterns in various situations; at other times his photographs showcase the uniqueness of people being themselves, often in solitary moments. He prefers not to alter images too much on the computer, trying to capture images the old-fashioned way, using the computer just for cropping and fine-tuning. He has won many awards in recent years for his work.

Marc resides with his family in Barrington, RI. When not taking photographs, he enjoys spending time with his family, roots for the Red Sox, enjoys good food, and delivers babies.
